BLUEBERRIES

Blueberries love a sour soil, plenty of peat moss, decayed, raked up foliage, etc. Never add lime to Blueberry plantings and always plant two or more varieties for cross pollination. These varieties will produce berries up to $\frac{3}{4}$ inch in diameter. The plants are also ornamental. They are hardy anywhere and easy to grow.

Varieties: Concord, Jersey, Rancocas, Rubel; 4 to 8 inches tall; 1 year old, price, 75c each; 6 for \$4.00. 8 to 12 inches tall, price, \$1.00 each; 6 for \$5.00. 18 inches tall at \$2.50 each.
